HYOMEI'S SUCCESS IN BARRE.

Cured Many Serious Cases of Catarrh.
Rickert & Wells Will Refund Money if It Fails.

No other medicine or treatment for catarrh has ever achieved such quick and remarkable success in Barre as Hyomei. The fact that Rickert & Wells when they first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure contributed largely to its successful introduction. A guarantee from a firm like Rickert & Wells gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

It had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing, as it did, Hyomei soon gained an enviable reputation and made many friends who recommended it far and near. Its success here in Barre has been remarkable, and Rickert & Wells are still selling it on their personal guarantee to refund the money in case it does not give satisfaction.
